

## The Treehouse + Cabin Retreat

We are so happy you reached out!

Tiny houses, cabins and treehouses are hidden gems. The treehouse and cabin has been the subject of the TV and magazine features including HGTV, Style at Home, CNN Travel, Toronto Star, and numerous others. We are very selective regarding commercial shoots, to protect the space for exclusivity so that competing brands are not booking the same space. All photoshoots / purpose of photo shoot must be approved by Knowlton and Co.

The photo opportunities are beautifully endless. You'll have an unlimited amount of places to shoot. Vignettes galore.

**Please note:** photoshoots are available for weekday bookings only.
